(the information you provide is confidential and will not be shared with the public)

REGISTER TODAY

The office of Delaware County Special Needs Preparedness Program has developed a Special Needs Registry for residents with special functional needs, disabilities, chronic conditions and other healthcare needs who may require assistance before, during, or after an emergency.

The registration website allows residents with special needs an opportunity to provide information to emergency response agencies so those agencies can better plan to serve them in a disaster or other emergencies. The information collected here will not be available to the public. It will only be shared with emergency response agencies to improve their ability to serve.

Please be as complete as possible in your responses. You will be contacted occasionally to ensure the information is correct and to make any necessary changes.

If you have any questions, please contact us.
